

Vintage pop-up shop: La Caravane at Blender

📅 Opens Friday, 2 September 📍 Brussels

See you there

Staying true to its name, Brussels-based online vintage furniture project [La Caravane](#) teams up with design store Blender01 this month to go offline. The La Caravane pop-up shop in the center of Brussels offers carefully selected second hand furniture and handpicked deco objects, from lamps, flowerpots, shelves, sofas, ceramics. All pieces are lovingly renovated by the founder herself.
